This year, we have adopted a new cause for our chapter. From *The Voice*, November 2023:

The 2023-2025 biennium OSO initiative was formally announced by President Melodie McGee at the Fall Executive Board meeting held on September 30. The initiative will be domestic violence prevention. Melodie distributed various information about this initiative to chapter presidents and members who were present at the meeting.

There is a wealth of reliable and valid information that can be readily obtained from numerous resources. Try to read research that is evidence based. Ohio Domestic Violence Network (odvn.org) and the National Coalition Against Domestic Violence (ncadv.org) are two organizations with websites that are chock full of statistics, educational materials, legislative action, and many other resources. Take time to explore these two websites and go ahead and conduct your own searches regarding domestic violence.
